Watchfire fit our needs for a great-looking display. The easy-to-use software was very appealing. I don't even like to call this a scoreboard because it's so much more.

Henry Finch | Director of Technology
 Holland Hall Episcopal School

SPORTS VENUES

GET IN THE GAME

Enhance the Experience

Watchfire video displays create great game-time atmosphere with live video feed capabilities, instant replay, and reliable scores and stats. With our proprietary Ignite Sports event management software, your customers can adapt to every event need. Touch screen and drag-and-drop features make updates quick and easy.

Increase Sponsorships

With a Watchfire video display and the support of our sports team, facilities can generate more revenue. Teams, sponsors and fans deserve the most exciting event experience and engaging content available. Watchfire builds every aspect of our product and service around providing the best video display a venue can buy.

Displays with Results

Venues want displays that integrate all aspects of an event. Our outdoor video displays integrate with live video feeds and instant replays, and feature encapsulation to protect against the elements. Our indoor displays offer the same high-quality experience in a higher resolution, all backed by Watchfire's legendary service and support.

A Team of Experts

For a successful sports display package, you need an expert to help you bring all the elements together. From rugged outdoor models and indoor video displays to the convenience of Watchfire's ReadyDisplay™ and our line of fixed digit scoreboards, our turn-key solutions bring together all the elements to help your customers create a system that produces jaw-dropping entertainment and maximizes crowd engagement.
