

LOCKER ROOM CLOCKS & VIDEOBOARDS

MORE THAN A COUNTDOWN TIMER

ReadyDisplay™ Locker Room Clocks have unmatched versatility. Unlike a single use clock, these indoor displays are also independent videoboards. The LED display measures 22" x 22" and includes a protective shield to absorb impact.

AS A LOCKER ROOM CLOCK

The clock synchronizes with your scoreboard clock and displays times up to 99:59

Resolutions: 2.4mm, 2.9mm, 3.9mm or 5.9mm

Durable construction

Hand-held start/stop/reset switch (standard)

Brightness: Standard or high brightness

AS A VIDEOBOARD

When integrated with Watchfire's Ignite Sports event management software, the clock can be zoned to include information like time of day, team lineups, motivational quotes, memes and welcome playlists for prospective players. Ignite Sports includes a built-in content and playlist editor, making display updates fast and easy.
